The Child Nutrition (CN) Labeling Program is a voluntary Federal labeling program run by the USDA. Through this program, the formulations of our products were examined by USDA to determine their contribution toward meal pattern requirements. This oversight allows us to state this contribution on our labels with the USDA certification and seal. The benefit of a CN label is that it clearly identifies the contribution of a product toward the meal pattern requirements. For products that carry a CN Label, schools should save an original CN Label from the product carton, or a photocopy or a photograph of the valid CN Label.

For more information on the Child Nutrition Labeling Program, please visit:
<http://www.fns.usda.gov/cnd/CNlabeling/default.htm>.

Child Nutrition Labels and product formulation statements for USDA reimbursement are not available for other Morningstar Farms® and Gardenburger® veggie US products, and as such they are not recommended for reimbursable meals.

Please contact your Kellogg's sales representative if you have additional questions about CN labeling and our veggie foods.

***Information presented in this letter applies to products intended for US consumers only. Every effort has been made to provide accurate product information.
